#### Caption Telia

##### **Pic 1** (0528)

With thousands of base stations, Telia covers Norway’s mountains, forests and coastline.

##### **Pic 2** (1226)

30 lightning strikes per month have been registered by Telia in certain parts of Norway

##### **Pic 3** (1209)

Roxtec seals are fire-proof and watertight to ensure continuous operation.

##### **Pic 4** (Bild 1335)

“We get capacity, tightness and grounding in line with requirements,” says Martin Gyllenhammar, technical responsible for civil works at Telia Norway.

##### **Pic 5** (Bild 1211)

Telia specifies Roxtec BG™ B seals for all their base stations built or upgraded after 2014.
